

Institute of Corrosion (CED/Yorkshire and NW Branches)
Symposium
‘Corrosion Failures and How to Avoid Them’
Health & Safety Laboratories, Buxton
Thursday 23rd April 2009

This one day meeting, jointly organised by Yorkshire Branch, North West Branch and the Corrosion Engineering Division, is being held in a delightful part of the country at the Health and Safety Laboratories in Buxton. There will be a series of plenary talks on investigations and case studies of corrosion failures and ways to avoid them. There will also be meetings of the newly reconstituted CED working parties (coatings, CP, corrosion monitoring, oilfield chemicals, water treatment, nuclear and corrosion in concrete).

The HSL have also kindly offered to give a presentation and offer delegates an opportunity to tour their facilities at Buxton. Finally, this will be a good opportunity to network with people in the corrosion field from different industry sectors. For information on who to contact to become involved with CED working parties please see the Nov/Dec 2008 issue of Corrosion Management, the ICorr web site (www.icorr.org) or contact the Chair of CED, Nick Smart (nick.smart@serco.com).

Provisional Programme

09.15-10.00	<i>Registration and coffee</i>	
10.00-10.10	Welcome and Introduction	Nick Smart, Serco
10.10-10.35	Introduction to the Health & Safety Laboratories	Phil Heyes, HSL
10.35-11.00	Investigating corrosion failures in closed water systems	Phil Munn, Sheffield Testing Labs
11.00-11.15	<i>Coffee</i>	
11:15-11:40	An expensive failure in the power industry	Roger Francis, Rolled Alloys
11:40-12.05	Miscellaneous cases and how they could have been avoided	Roger Hudson, formally of Corus
12.05-13.00	Tour of Health and Safety Laboratories	
13.00-13.45	<i>Lunch</i>	
13.45-14.30	Working party meetings	
14.30-14.55	Use of ATP measurements for microbial control	Marc Raymond, Aquatools
14.55-15.20	Monitoring to prevent corrosion failures	Bill Cox, Corrosion Management
15:20-15.35	<i>Tea</i>	
15.35-16.00	Summing Up	Paul Lambert
16:00	Close	

Venue: Health & Safety Laboratory
Harpur Hill
Buxton
Derbyshire SK17 9J
